

Annual Report of the Lucas County Board of Developmental Disabilities

Looking back: 2021

- 2021 was a roller coaster ride of the waves of the pandemic. From PPE to COVID tests to vaccine clinics and town halls, LCBDD was vital in aiding and informing the community.
- The Board endorsed Issue 12, which repealed the property tax collected by TARTA and turned it into a county-wide sales tax. It was eventually passed by voters, greatly expanding where and whom TARTA serves. At last, truly "Transit for everyone."
- Work shortages that affect day-to-day life and quality of life are worth all of our attention. That's why we launched a dedicated page on our website connecting DSP and nursing prospects with hundreds of providers in Lucas County.

2021 REVENUE

Local Taxes	70%
Federal Funds	19%
Other Funds	8%
State Funds	3%

2021 EXPENSES

Direct Services	76%
Administration	17%
Quality Assurance	7%

Looking ahead: 2022

- Increase use of technology to help individuals attain higher levels of independence and privacy.
- Continued innovation in Board programming and collaboration with community partners.
- Support growing network of service providers, including day services, residential, and employment.
- Maximizing every public dollar as entrusted by Lucas County voters.
