# WHAT'S WORTH THE WORK

*with Sarah Davies*

**MARCH 19, 2026**

9-11 AM

*1155 Larc Ln, Toledo, OH  
Training Center, Door O*

This session offers DD professionals a brief, guided overview of the major milestones that shaped Ohio's Developmental Disabilities system. Through a biographical timeline, our facilitator will highlight key historical shifts, influential legislation, and advocacy movements that moved the system from institutional care to today's person-centered, community-focused approach. Participants will gain a clearer understanding of how past practices inform current services and their role in supporting individuals with developmental disabilities today.
