

Lucas DD Presents

Residential Settings Training

A 2 part series

For Providers and SSA's

This training provides SSAs and DSPs with a clear review of Ohio's Residential Settings Rule and its connection to the HCBS Settings Rule. Participants will learn the key requirements for compliance, including person-centered practices, community integration, and residency agreements. The session uses real-world examples to help staff apply the rule in everyday residential settings. To register, email Clerisa Criswell at CCriswell@lucasdd.org
