

# Andrea Jaworski

## Special Recognition Award June 2025

Andrea Jaworski's commitment to individuals with developmental disabilities was evident even in her early days as a Service and Support Specialist here at Lucas DD.

Andrea's passion for supporting individuals with developmental disabilities is unmistakable to anyone who has had a conversation with her on the topic.

Her unwavering dedication continues in her current leadership role, as the Residential Director for Assured Health Services, where she ensures that every individual served by Assured Health receives the highest standard of person-centered care.

Beyond her professional responsibilities, Andrea actively works toward creating a more inclusive and empowering environment for all individuals of all abilities.

She has developed and facilitated specialized training sessions on impactful topics such as "Changing the Language" and "Food Insecurity," both of which address critical aspects of quality of life. These sessions are offered at no cost to a wide audience—including Lucas DD staff, individuals served, guardians, and other provider agencies—demonstrating Andrea's desire to ensure individuals receive the best support and care possible.

Thank you, Andrea, for all you have done and continue to do to support our community! The Lucas County Board of Developmental Disabilities is proud to present you with the June 2025 Special Recognition Award.
