

# Help Getting an iPad

Before you start----RESEARCH (devices, APPs, accessories=cost)

1. Self-pay is one way to secure a device. Here are some ideas to make it possible:

- \*Have bank automatically deduct funds from your account
- \*Home Party (Cookie Lee Jewelry, Longaberger, Pampered Chef, Tastefully Simple, ..)
- \*Ask family and friends to give birthday/holiday gifts as iTunes cards
- \*Businesses offering percentage for your cause.
- \*Community outreach—local newspapers & TV stations
- \*Local charities (Boy Scouts, church groups, fraternal organizations, VFW...)
- \*Garage Sale (Don't have items to sell, get great items you can sell at [www.craigslist.org](http://www.craigslist.org) in the FREE section and [www.freecycle.org](http://www.freecycle.org).)

2. Earn it

\*Setting up an account for your individual child and forward site to family and friends. They can donate or purchase items for your cause.

- [www.makeitfit.org/cookies-4-ipads](http://www.makeitfit.org/cookies-4-ipads) nonverbal individuals with ASD

3. Lots of Raffles and Giveaways

- \*Deadlines always changing and they usually raise funds and then give an iPad. Keep checking back!

4. Medical Coverage for iPads and/or APPs

\*Check your insurance policy's coverage for DME(durable medical equipment), many carriers do not cover a SGD (speech generated device) that is designed to provide other functions. ---Laptops, desktop computer, PDAs and iPads. Guided Access now making it possible to get iPads covered.

\* Bulking device, protective case and APPs together for a full package.

**\*\*\*Use language pertinent to the funding source\*\*\***

**Medical-** stress the “therapeutic nature” of the need and “medical necessity” of device

**Educational-** stress “academic achievement” and “educational goals”

**Vocational-** stress “self-sufficiency” goals and potential

5. Writing Assistive Technology into the IEP

\*\*\*\*Describe the AT with features needed, NOT by the name of specific device

\*\*\*\*Assistive Tech Eval---bring your own device to show benefits

6. GRANTS---application process that usually requires denial of payment from another source, such as insurance. Each has their own specific guidelines and deadlines.
