

Lisha Washington

Retirement October 2025

Lisha Washington began her career with Lucas DD 25 years ago as a Case Management Secretary, then became the Secretary for the Major Unusual Incident Unit. She later served as a Quality Assurance Secretary and concluded her career as the Provider Supports Department Secretary.

Lisha's exceptional organization and structure helped shaped all of those positions into what they are today. Her commitment to timeliness, professionalism, and efficiency was evident in everything she did—from ordering supplies to ensuring every detail of the annual Provider Appreciation event was flawless.

While Lisha was known for her professionalism, she also brought humor and lightheartedness when it was most needed. There was the random dancing with those shiny shoes, and an infectious laugh that lifted the energy of the room.

She showed endless patience, whether it was last-minute food orders for events or when coworkers forgot the keys to their office once or twice or, well, many times over.

Lisha's true passion was the individuals we serve. Whether engaging with individuals on the work floor at Hill, assisting with activities for seniors at Larc Lane, or interacting with children at the Snowy Social, Lisha always gave her time, patience, and positive energy. Her genuine care and concern shone through in every interaction with every individual, young and old.

Lisha was honored as the November 2004 Staff Person of the Month.

We are deeply grateful for Lisha's 25 years of dedicated service to Lucas DD. The Lucas County Board of Developmental Disabilities wishes her the very best in her well-deserved retirement.
