

Tami Fowler

Retirement January 2026

Tami Fowler recently concluded her remarkable 31-year career with the Lucas County Board of Developmental Disabilities.

She joined Lucas DD as a Bus Monitor on January 17, 1995, holding that role for more than nine years until being promoted to Secretary at the Hill Adult Service Center. During her time there, Tami truly enjoyed working alongside individuals and staff each day. She actively participated on committees, assisted with stat calls, and helped organize building-wide celebrations.

Tami was honored with the prestigious Josina Lott Award in both 2008 and 2015 while serving at Hill ASC, a testament to her dedication and excellence.

In January 2017, Tami transitioned to the role of Secretary in the Children's Department at the EduCare Center. She was exceptional at helping callers and visitors navigate situations with patience and care. Tami's great sense of humor and welcoming personality made a lasting impression on everyone she encountered.

She created and maintained the staff monthly board, filling our hallway with fun and informative updates. Tami truly lit up when meeting the little ones who came into the office, often keeping treats on hand for children as they left. She consistently kept her area neat, clean, and beautifully decorated for holidays and special themes.

Thank you, Tami, for your 31 years of dedicated service to the Board, our individuals and your colleagues. We wish you all the best in your well-earned retirement.
