

# Mark Damazyn

## Retirement May 2026

Mark Damazyn began his journey with Lucas DD on January 5, 1998, as a Vehicle Operator Substitute in the Transportation Department.

His path reflected both dedication and versatility, serving as a Custodian at the Neill Building and Larc Lane Center, and later as a Maintenance Technician, a role he faithfully held until his retirement last month.

Across every position he filled, Mark brought with him a quiet strength, a steadfast work ethic, and a deep pride in doing the job right. He became known not only for the quality of his work, but for the care behind it. Whether tending to buildings or maintaining the grounds, his attention to detail and commitment to excellence spoke volumes. The spaces he cared for were better because of him—and so were the people fortunate enough to work alongside him.

For more than 28 years, Mark exemplified reliability and self-motivation, earning the respect and trust of colleagues throughout the organization. His contributions were not only seen, but felt—through the consistency of his presence, the pride in his craftsmanship, and the example he set for others to follow.

Mark leaves behind more than a record of service; he leaves a legacy of dedication, integrity, and quiet impact. He will be deeply missed—not only for the work he did, but for the person he has always been.

Mark, congratulations on your well-earned retirement. May the years ahead be filled with happiness, good health, and time to enjoy all that matters most to you. Thank you for your remarkable service and your lasting contributions to the Lucas County Board of Developmental Disabilities.
