Mobility Specialists with
TARTA Move Paratransit, will

concerns.

These two Mobility Specialists with the Toledo Area Regional Transit Authority (TARTA) are responsible for assessing TARTA Move applicants for paratransit service eligibility, based on disability. They also identify community resources to meet other unmet needs of applicants.

Vanessa grew up with a family member using paratransit, and she did volunteer work in underserved communities in different states for 5-7 years before joining TARTA two years ago.

Jeremy has worked in transportation for a year and previously worked in human services for 10 years.
